 - 6.3.1.2 The assessment of the performance of the Employee will be based on the following rating scale for KPI's:

Rating	Terminology	Description

The appraisal indicates that the Employee has achieved above fully effective results against all performance criteria and indicators as specified in the Performance Plan and maintained this in all areas of responsibility throughout the year.

The appraisal indicates that the Employee has achieved above fully effective results against more than half of the performance criteria and indicators and fully achieved all others throughout the year.

- 6.3.1.3 The rating will then be multiplied by the weighting to calculate the final score;
- 6.3.1.4 An overall rating will be calculated based on the total of the individual ratings calculated above.

6.3.1.5 In the instance where the employee could not perform due to reasons outside the control of the employer and employee, the KPI will not be considered during the evaluation. The employee should provide sufficient evidence in such instances; and
