Public Notice: Usage of alternative energy systems

09 November 2022

The frequency of load shedding applied by Eskom has resulted in residents installing Photovoltaic and other alternative energy systems at their homes and businesses within the Bergrivier Municipal Area.

The connection of such systems, in many cases, results in parallel connections to the municipal electrical network. Bergrivier Municipality has an existing policy and requirements which regulates such alternative energy systems.

Any resident who seeks to install alternative energy systems at their private residence or businesses who wish to do so, must follow the relevant application process and submit all completed forms to the Municipality.

Bergrivier Municipality urges all residents and businesses to refrain from installing alternative energy systems without the explicit approval from Bergrivier Municipality. This would render your energy system illegal and appropriate penalties may be applied.

The relevant documentation can be obtained from the municipal website (<http://www.bergmun.org.za/sseg-notice>) or from Mr Jan Erasmus via e-mail erasmusj@bergmun.org.za

Yours faithfully,

Jaco Breunissen

Publieke Kennisgewing: Alternatiewe energie stelsels

09 November 2022

Die aanhoudende Eskom lasvermindering het teweeg gebring dat baie inwoners sonkrag en ander alternatiewe elektrisiteitsstelsels installeer by hul wonings en besighede binne die Bergrivier Munisipale Gebied.

Die koppeling van die stelsels behels in baie gevalle dat die koppeling in parallel met die munisipale elektriese netwerk geskied. Bergrivier Municipality het 'n bestaande beleid en voorwaardes wat hierdie tipe installasies reguleer.

Daar is tans 'n aansoek proses in plek vir persone en besighede wat alternatiewe energie bronne wil installeer. Die Munisipaliteit se versoek aan belangstellende inwoners is om die voltooiende vorms in te dien by u naaste Munisipale kantoor.

Die dokumente van toepassing kan verkry word vanaf die munisipale webtuiste (<http://www.bergmun.org.za/sseg-notice>) of deur 'n versoek te rig aan Mnr. Jan Erasmus per e-pos by erasmusj@bergmun.org.za

Bergrivier Munisipaliteit doen 'n beroep op alle inwoners en besighede om hulle daarvan te weerhou om alternatiewe energiestelsels te installeer sonder die uitdruklike goedkeuring van Bergrivier Munisipaliteit. Dit sal u energiestelsel onwettig maak en toepaslike strawwe kan toegepas word.

Die uwe,

Jaco Breunissen
