### 2. PRICING SCHEDULE

#### 2.1 Pricing Instructions

Bidders are required to complete the pricing schedule included below. The following guidance applies to the items listed in the pricing submission, as applicable:

There are three pricing schedules to be priced – monthly costs, ad-hoc installations and maintenance exclusions. The fundamental principle is that the monthly costs must be all inclusive with the ad-hoc installations and maintenance exclusions catering for additions and uncertain costs.

Should the successful bidder include all the costs in their monthly subscription fee, it should be indicated as such.

#### ITEMS NOT PRICED:

- “0” returned in a field or cell of a Line Item has been interpreted as a “zero” rate, whether it be in units of “Rands” or “%”;
- A “blank” field or cell of a Line Item has been interpreted as non-Responsive in accordance with sub-clauses 12.2 and 12.5.1 of the Tender Document which requires that all the fields of an item be priced. Failure to price each field makes it impossible to score.
- a field whose value has been deleted, but not replaced with another value has been interpreted as being a blank field and therefore as non-Responsive for the reasons stated above.
- A field that has been deleted and not replaced with another value has been interpreted as a blank field and therefore as non-Responsive for the reasons stated above.
- Fields that contain a “-“ have been interpreted as being zero.

### All Service Providers (SP's) and potential bidders

Dear Sir/Madam

#### **Incomplete documentation in terms of bidding processes.**

With reference to the judgment of the Supreme Court of Appeal case number 937/2012 Dr JS Moroka Municipality vs. Bertram (PTY) Limited 2013 JDR 2728 SCA the following:

“In our view the judgment supports the proposition that a Municipality determines the requirements for a valid tender and a failure to comply with the prescribed conditions of tender will result in such tender being disqualified as it would not be an 'acceptable tender' as defined in the Preferential Procurement Policy Framework Act 5 of 2000 unless the prescribed conditions are immaterial, unreasonable or unconstitutional.

Therefore, provided that the relevant tender document makes provision for **an original tax clearance certificate and/or any other certificates/documents** as a prescribed minimum prerequisite and/or peremptory requirement in order for such tender to be considered an 'acceptable tender' and to pass the threshold requirement for consideration and evaluation, and a tenderer fails to provide same, the Municipality would be within its rights to disqualify such tender/tenderer.”

**Therefore BERGRIVIER Municipality will with immediate effect exclude all offers from bidders if the required documentation is not handed in/or attached with the original bidding documents.**
