

BERGRIVIER MUNICIPALITY

NOTICE: SUPPLY CHAIN MANAGEMENT

FREE FORMAL QUOTATIONS

Bergrivier municipality hereby informs all service providers that we will be posting our Formal Quotation (FQ) and the subsequent documentation on our website. Tender documents will follow at a later stage. This in essence is us (Bergrivier Mun) adhering to requests from the small SMME's and to aid the development of our Service providers (SP's). Request found favour because it will :

- Allow SP's to view the documents at their own time and leisure.
- Allow SP's to view the documents before they buy it . (if they prefer too).
- Allow SP's to print the documents at their own cost and location.
- Not to demand from them to come to Piketberg for retrieving it which increases cost drivers (especially the SP's in Porterville/ Velddrif/ Eendekuil/ Redelinghuys/ Goedverwacht and surrounding areas)
- To add to our commitments of transparency as well as mitigating the effect of increased costs felt at the lowest levels.
- To reduce the amount of feet that visits our offices on a daily basis for obtaining the documents.

Documents on the website would only be made available in pdf format.
